Mute

Camera Tracking is On

Start System - press anywhere on the touch panel

①	**Blank Screens**	Temporarily turn off all displays (press again to restore)
②	**Volume**	Adjust or mute program audio
③	**Camera Controls**	Adjust camera (tilt, pan, zoom) and enable/disable tracking
④	**Microphone Controls**	Mute/unmute and adjust volume for each microphone
⑤	**Display Controls**	Use each side to control each of the rooms displays independently from each other
⑥	**Computer Source**	Show display from the classroom PC. Select main to mirror your current display, or Extended to act as a secondary display
⑦	**Laptop**	Mirror the display of a connected laptop on the display. HDMI cable located on the lectern
⑧	**Document Camera**	Display documents or objects for in-class or online participants
⑨	**Wireless**	Present wirelessly from anywhere in the room using any tablet, mobile device, or laptop. See separate guide for detailed connection instructions

⭘ Press Shutdown ⟶ Confirm YES to power off audio/video

Classroom Features

- **Software**
  PC is installed with Ink2go for annotating and recording classes and ZOOM for conferencing and remote participation

- **Wireless Sharing**
  Share your device screen wirelessly from a tablet or mobile device by selecting "Wireless" on the touch panel.

- **Document Camera**
  Display or annotate physical documents by placing them under the document camera and selecting "Doc Cam"

- **Microphones for Online use**
  Ceiling mounted microphones capture your voice for Zoom/Teams meetings.

- **Microphones for In-Room use**
  Use the lapel, handheld or lectern microphone for better speech in the room

- **Tracking Cameras**
  Cameras follow your movement by default, tracking settings can be adjusted in the camera control menu.

Troubleshooting Tips

- **Can't connect to wireless sharing**
  Connect to the "eduroam" WiFi network, log in using your GMU email (i.e. netid@gmu.edu) and password

- **No Audio in Zoom/Teams**
  Set speaker and microphone settings within the conferencing software to "AV Bridge" or "Crestron"

- **No Sound from connected laptop**
  Set device audio output device to "Crestron"

- **Extended display is blank**
  Open windows display settings to verify display layout and drag material to share onto the extended display.

- **Can't see in room cameras on connected laptop**
  Use the in room computer to use the in room cameras or microphones in Zoom/Teams
